ON STAGE

The 1989-90 season continues at the Portland Stage Company with "Wilhelm Reich in Hell". The play, written by Jon Robin Baitz, is the story of Wilhelm Reich, a German psychiatrist who was imprisoned in the 1930s for advocating sexuality. When he escaped and fled to the United States, he was interned as an enemy alien. On May 2, 1956, Wilhelm Reich spent the night in Portland jail. He was tried in Portland for continuing to support his ideas after being forced to leave Germany. In the end, he was allowed to remain in the United States, but he never received a fair trial. The play "Wilhelm Reich in Hell" will be performed at the Portland Stage Company from May 2 to 21. Tickets are $15 for adults and $12 for students. For more information, call 774-6400.

ON THE WALL

The Common-Sense Country Fair will take place on Saturday, May 20, from 10 am to 5 pm at the Portland Center for the Arts. The fair features a variety of local artists, crafters, and makers. The fair is free and open to the public.

The Impact of the Cold War upon Cuban History
From 1959 to 1961, Cuba underwent a radical transformation of government. The Castro regime, led by Fidel Castro, took power in Cuba and implemented a series of economic and social policies that were intended to eliminate poverty and inequality. These policies included nationalization of the economy, redistribution of land, and the establishment of collectivized agriculture. The impact of this period of history on Cuba and the United States is still felt today.
