Discover a new trail with an old friend this fall.

For 40 years, people have gone hiking and camping with their trusted friend, L.L.Bean. After all, you can't ask anything better than to get out and enjoy Maine this autumn at the L.L.Bean Retail Store.

For example our Mountain Pile Fleece is our top-performing, 100% polyester pile jacket, $68-$73. It's easily your warmest choice for layering and is also available in a Pullover style.

Then there are the distinctive River Driver Shirts in 100% cotton, 12-16, Coolors or lat. This comfy shirt makes a practical and wearable choice, available in four comfortable styles.

And to keep the youngest hikers warm on those cold fall mornings, our New LLBean Fleece Pullovers for Kids are soft, cozy fleece on the inside and rugged, 100% cotton on the outside, $36. Just one of hundreds of new LLBean Kids Items at the Retail Store.

So, whether you backpack Maine's mountains or just like to stroll around the neighborhood, make the L.L.Bean Retail Store your first stop on your fall hiking trail. We won't be the only friend you'll hike with this fall, but we just might be the most experienced.

L.L.Bean Retail Store, Main St., Freeport, Maine. Open 24 hours, every day. 1-800-341-4341, ext 7801 for more information.

Talk

A CONVERSATION WITH THE FLAMIN' FLAMES

"By the year 2007 there will be no more rollerblades left on the planet. Choose your own fate while there's still time."

The Flamin' Flames are Portland's only truly innovative roller skate gang. The gang consists of Sally Cartledge (Skidaddle Sally), John E. Peck (Banana Sandwich), Dan Smith (Third Degree Burn傷) and Christopher Abraham Parish (Squid Fling). And they're big trouble for anyone on Rollerblades, as the trademark口号 would have you call them. That's right. The Flames are quite serious. As John puts it, "We will defend our territory even if they're any means necessary.

The latest roller skate was invented over 350 years ago in Holland so people could keep skating during the winter. In the 1960s, the Rollerblade was invented and its comenzational ability made it popular. The Flames' mission is to preserve the classic roller skate and prevent its extermination by the Flamin' Flames. What do you see as the difference between classic roller skates and Rollerblades?

John: Rollerblades are all about style, a smooth' smooth' - with a whole bag of tricks. (He chuckles at his own gift of gab.) Rollerblades are a revolution in skateboarding - they're not for real style. You bounce them on the ice, and jump some slides on the way.

Do you think that there is a danger of classic roller skates going out of style?

Sally: NO! We've indicated that Rollerblades are just a passing fad.

That will go down the drain like the hula hoop. Eventually people will be looking at those dusty old blades in their basements and wondering what had come over them.

What can we tell our about the history of the classic skate vs. the Rollerblade?

Sally: In the 1960s, people used to go to the roller rinks and dance on their skates. A lot of people today don't even know that style that was happening back then. It was more about getting together with people and having fun. In the 1960s, Rollerblades were buzzing out of hockey rinks like hornets. With roller blading, there's a space between the wheels that's perfect for skateboarding. With Rollerblades, there's no space left at all.

Do you have any suggestions for Rollerbladers at large?

John: We're the Flamin' Flames. We have developed a five-step plan. The first step (which we are in now) consists only of undermining the Rollerblade culture with unkind words. The next four steps, for now, must remain under wraps for strategic reasons. When the final step has been carried out, we will celebrate our total obliteration of the Rollerblade culture. That's RIGHT SUPREME DOMINANCE FOR THE FLAMIN' FLAMES.

Helping or hiding?

Can police crackdowns on public sex do any good? Or do they just drive activity elsewhere?

**RICK MADSEN JR.**

It's a rare Saturday night at the Fine Arts Theater on Congress Street. The audience is tiny—three men and a woman in the gay theater. No surly regulars, no70s music on the turntable, no large crowds, no bright lights. The theater itself is quiet and empty.

The city is more different from the public sex venues on the street below than the theater on the second floor. The fine arts theaters are the centers of public sex venues.

**Bill Cohen seems to enjoy good gossip, particularly if it's about himself. How else to explain the regular rhythm of rumors from Washington concerning the prospects of President Clinton's Secretary of Defense, William Cohen, as a possible first lady?**

- **For instance, in January 1994, Republican National Committee Chairman James Wettstein suggested as a vice presidential candidate.**
- **In February, the same article was also cited by some political observers as a story about Cohen's potential for future political ambitions.**
- **A keen observer of Maine chief executive, who often sees Cohen enjoying good gossip, says Cohen's 24 years in Congress has helped him maintain a solid record of national attention after the self-congratulation of the 1994 election. But it was one of those stories about Cohen that was most recent to the headlines.**

**NEWS (C) by WRG, a Washington, D.C., newspaper, reported that Cohen was being considered for a job in the Clinton Administration, but that the story was unlikely to damage a political career.**

- **The Cohen and Clinton relationship is intended to remind the masses that Cohen has been a member of the majority party, served in a cabinet position, and has been transformed by the 1994 election. It never happened, but according to the Washington observers, who also happens to be a first lady.**

**Polar shade of white**

IRVING: CAN THEY STOP IT?

By Christopher Barry

CASCO BAY WEEKLY

Irving is a $10-billion privately held Canadian conglomerate with a reputation for getting what it wants. It's been around since World War I and is now New England's largest oil company. The company wants to build a tank farm on Spring Point in South Portland and hopes to build 19 new fuel tanks. The company plans to file a permit for the proposed tank farm near Spring Point, "People don't know how Portlanders feel about Irving. They don't want Irving at all, they want Irving gone, says Steve Hasson of the South Portland Concerned Citizens. They worry about the safety and risks that are supposed to keep them safe."

When Irving gets into trouble, whether it's buying an airport or trying to build a tank farm, it brings in the local big shots, 1st Congressional District hopeful Tom Hasson is another member of Irving's inner circle of trusted underlings. Irving hired two local political heavyweights to help of a few trusted underlings. The company says it plans to run for Congress.

"What happens to the firefighters if there is an accident?" Kay Loring asks. "We have 1500 firefighters in Portland. They work 24 hours on, 48 hours off. Do you think they're going to do a good job if they're doing a job that's going to be dangerous and merits a closer look? Most of the firefighters in Portland have family members who work at the refinery."

Steve Hasson is another member of Irving's inner circle of trusted underlings. Irving hired two local political heavyweights to help of a few trusted underlings. The company says it plans to run for Congress.

Steve Hasson is another member of Irving's inner circle of trusted underlings. Irving hired two local political heavyweights to help of a few trusted underlings. The company says it plans to run for Congress.

But that doesn't matter to South Portlanders. They don't want Irving oil, so they defeated the City Council Sept. 8 by a vote of 6-1 to deny Irving approval. The company is appealing the decision.

If you don't like the weather

wait a minute.

If you don't like your fuel company call us.

The Maine winter is something we're all stuck with. Thankfully you can exercise some freedom by choosing a reliable heating oil/propane company - one that calls you.

If you don't think people really appreciate how powerful Irving is, you haven't been here long enough, says John Demont's 1991 book, "Citizens Irving." The story of the Irving family's rise to power is a classic David and Goliath tale. The family started as a small lumber company in Nova Scotia, and through a series of strategic acquisitions and expansion, they grew into one of the largest and most powerful corporations in Canada.

The final chapter of Canadian journalist Christopher Barry's "Flying New Worlds" is "Irving." The book explores the company's history, its impact on the local community, and the personal stories of those who have worked for the company. Barry's writing is engaging and insightful, providing a comprehensive look at one of the most influential businesses in Canada.

For those interested in learning more about the Irving family and their operations, Barry's book is a must-read. It's a fascinating glimpse into the world of corporate power and influence, and the role that companies like Irving have played in shaping the economy of Canada.
The citizens have valid complaints and the city has to change the rules for a more safe and reasonable planning. Who cares if the city has to change the rules for a more safe and reasonable planning.
Portland United

A multinational soccer team kicks up a little dust in the West End

J. Eddy McBeth

Every week they wander onto the dusty, parched Reiche School soccer field, players of many races, ages, and skills from all over the world. Some are from Central and South American teams, others from Africa. Each has their own language and way of playing.

Almost all the players are part of Portland's most visible Central American soccer team, Sonora, which plays twice a week against other Central American teams. The team has been playing for about 10 years and is known for its fast-paced style and high skill level.

Despite the language barrier, the players manage to communicate through hand gestures and eye contact. The team has a third-year captain, a 20-year-old player who speaks English fluently.

Most of the players come from soccer programs in their countries and have traveled to Portland to play. The team has a mix of young and old players, with some as young as 10 and others in their mid-40s.

The team's wants to continue to grow and attract more players, especially from Central America.

And they do it all with a smile: The Chinese Magic Revue

Chinese Magic Revue of Taiwan will be performing their traditional magic and acrobatics at the State Theatre, 225 Congress St., for 15 performances through July 24. For more information, call 624-6600.

The Chinese Magic Revue of Taiwan is known for its entertaining and educational magic shows, which feature traditional Chinese acrobatics, magic tricks, and illusions. The troupe consists of five members, all of whom perform in all shows.

The Chinese Magic Revue of Taiwan's performance schedule is as follows:

- July 11: 2 p.m. and 7:30 p.m.
- July 12: 2 p.m. and 7:30 p.m.
- July 13: 2 p.m. and 7:30 p.m.
- July 14: 2 p.m. and 7:30 p.m.
- July 15: 2 p.m. and 7:30 p.m.
- July 16: 2 p.m. and 7:30 p.m.
- July 17: 2 p.m. and 7:30 p.m.
- July 18: 2 p.m. and 7:30 p.m.
- July 19: 2 p.m. and 7:30 p.m.
- July 20: 2 p.m. and 7:30 p.m.
- July 21: 2 p.m. and 7:30 p.m.
- July 22: 2 p.m. and 7:30 p.m.

Tickets are available at the State Theatre box office or online at www.statetheatre.org. For more information, call 624-6600.

**Out in the classroom**

Most Jennings is a little preceding piece of history for his students—namely, the history of gay, lesbian and bisexual people. Jennings, a history teacher at Concord Academy in Massachusetts, is the co-founder of the Lesbian and Straight Teacher’s Network (GLSTN) and has pushed for bans on discrimination of gay, lesbian and bisexual students. His passion is education, and he believes it is important for teachers to be role models for students of all ages and abilities.

**Concerts**

**Friday 22**

- **Faculty Concert Series**
  - Portland State University, 318 SW 18th Ave, Portland. 729-7400

**Dance**

**Global Dance**

- The Gotta Dance studio, 657 Congress St., Portland. Saturdays at 11 pm.

**Dances**

- **Jazz, tap, street funk, ballet, stretch and dance magic**
  - Gotta Dance studio, 657 Congress St., Portland. Mondays at 7:30 pm.

**Opera**

**Eudosco Trudeau**

- 17 School St., Portland. 780-5555.

**Open auditions**

- **Cui de Sax Auditions**
  - Saxophone quartet seeks solid tenor sax player—must be familiar with many styles of music and a good reader. 729-7904.

**Audition for "Music Hall" Vintage Repertory Company**

- Portland Players, 420 Cottage Rd., S. Portland. 782-3200.

**Dress code daze**

Can you be true to your school if it makes you look like everybody else?

**ZOE MILLER**

JE Bradford doesn’t have to get up early to put together an outfit for school. Every morning she breezes by her white cotton shirt and dark blue jeans. She doesn’t have to worry about what she’ll be wearing for the rest of the day. She doesn’t have to think about fashion at all.

**Independent Aim Auditions**

- 20-something actress is seeking a young, male actor age 20-35, of each month at the Swedenborgian Church, 302 St. Peter’s Place, Portland. 780-5555.

**Falling in love**

- Gotta Dance The Gotta Dance studio, 657 Congress St., Portland. Collage work by Weston Sumner, Sept 29 at 5 pm. 780-5555.

**The issue of money**

- Can you be true to your school if it makes you look like everybody else?

**Can you be true to your school if it makes you look like everybody else?**

- ZOE MILLER

**Schools**

- School districts in the state of Maine have held open auditions for the 1995-96 season. The girls at McAuley are no different. Instead, students push the dress code envelope by wearing outfits that are not typical for their age group. This can be seen in the way students dress at the school. Students are able to express themselves in their own way, without fear of judgment from others.

The return of MRC

If you’re a follower of the local music scene, you’ve probably been wondering where MRC has been the past couple of months. Fear not! MRC—formerly known as ‘SMC’—may have been laying low, but it’s been anything but inactive.

The band signed on as opening act for a New York venue earlier this month, and they’ve been working on a new album, tentatively titled “Meta/Morph.” The press release for “Meta/Morph” promises “brief, ‘earcleansing’ ambient instrumentals of which are guaranteed to get your adrenaline pumping. Garage rock is best heard live, but MRC’s new soundLiving is going to make you regret missing the band’s earlier days.”

The new MRC returns Sept. 30.

MRC will play at Granny Killam’s, 55 Market St., Sept. 30. at 9 pm. 775-3270.

Wic will play at Trophy Killer’s, 55 Market St., Sept. 30. at 9 pm. 775-3270.

Straight outta the garage

Moving from cyber rock to garage rock, The Brood is another local band sporting a new sound. The band has just released “Wide Awake,” their debut release, on the Los Angeles indie label, R2 Records. If you’re a follower of the local music scene, you’ve probably been wondering where MRC has been the past couple of months. Fear not!
