FOREVER WILD

PEAKS ISLAND LAND PRESERVE

~New Bird Blog Announcement~

PILP is very happy to announce a new community resource located on our website entitled: [Patty's Back Shore Bird Blog](#). Patty is one of PILP's volunteer stewards for the Back Shore area and takes great joy in observing, identifying, and learning more about the birds that live on Peaks Island and would like to share this joy with us. Patty considers herself more of a bird aficionado than a bird expert and writes beautifully and descriptively about the birds she sees while walking the Back Shore. The Blog will be posted monthly and contains amazing on-site bird photographs, carefully researched information on the fascinating lives of the birds she see on Peaks, and is guaranteed to make you want to grab your binoculars and head out to the Back Shore!

Patty is also creating bird species accounts for Peaks Island birds starting with Scoters and Northern Gannets and will be adding new species accounts every month.

So, if you're a birder and interested in birds, would simply like to know more about birds, or are just looking for another way to appreciate living on Peaks Island, please visit Patty's Back Shore Bird Blog and Bird Species Accounts (under Bird Varieties) both under the Resources tab at: <http://www.peaksislandlandpreserve.org>. Don't miss the up-close-and-personal Peaks Island bird photographs taken by Butch Sullins and the Peaks Island Community Bird Checklist also under the Resources tab to help test your own bird identification and field observation skills.

Any comments, suggestions, or additional bird sightings you have regarding the Blog or bird checklist can be sent to PILP's Volunteer Steward Coordinator, Michelle H. Brown, at brownmichh@aol.com. Enjoy!!

PEAKS ISLAND CHILDREN'S WORKSHOP: 71 Herman Avenue: 766-2854
www.picw.org

With winter still in full gear the children at PICW have been enjoying snow forts, painting the snow and sensory games of hot and cold. In March we are looking forward to starting some inside seedling projects to preparation of the eventual Spring. If anyone has old nylons that they are looking to get rid of, we are trying to do a growing project that uses them. Please drop off at PICW or call Katie in the office to arrange a pick up.

The PICW children have a new music enrichment class that they have been enjoying on Tuesday mornings. Musician and island resident Faith York has been coming to PICW and introducing the youngest members of our community to different instruments like bells, xylophones and, of course, her ukelele.

PICW is accepting applications for full time care on our WAIT-LIST. Part-time care is available. Contact Celeste at celeste@picw.org for applications

The Board of the PICW is always open to suggestions and communication from the community. Please contact us through Board Chair, Melissa Conrad mconrad@backshore.net

Peaks Island Elementary School

We at PIES are in love with this winter! We have been fully exploring arts, theater and music along with snow sports. Thursday evening, February 26th, our entire student body preformed a multi disciplinary tableaux performance of dance, movement, art and French creativity in "J'Aime Peaks".

The Peaks Island Creative Coalition with funding from the Peaks Island Fund have worked all fall and into the winter to create their performance. A sensory experience like no other yet seen, at our school community has enthusiastically embraced our school.

The effort has been lead by Pamela Moulton. In her words, "My approach to art is to link our heritage to our contemporary society." Pamela and her team of dedicated parent volunteers will explore the love of Peaks Island Culture and the Under Sea world of Casco Bay through their original and unique performance.

On the Thursday before Winter Break we celebrated our monthly Community Luncheon. We enjoyed a lovely guitar performance by island resident and guitarist Jonathan Downs. The children shared hand made cards with our guest. Our guests were further treated to hand made cookies from our team of volunteer bakers. To all of you who came, performed, baked, set up and cleaned up. Thank you.

Collaboration is the key to great schools. We at PIES continue to strive to bring the best of what our community has to offer to our school and to share the best of who we are with our island community. We look forward to seeing you soon in our school.

Peaks Island Fund Spring Breakfast

Peaks Island Fund Spring Breakfast will be held 9 a.m. – 11 a.m. on Saturday, March 21, at the Fay Garman House (senior center) on Central Avenue. The Peaks Island Fund advisors invite anyone who is interested in submitting a 2015 grant to attend. The grant deadline is June 1, 2015, please note this is earlier than years past. The breakfast will be a time to learn about the application process, to generate grant ideas and to collaborate with others. Sarah Curran of Planning Decisions will also present information based on her interviews with island organizations, which was a project funded by the Peaks Island Fund.

All grant recipients must be able to accept tax-deductible donations or have a fiscal agent. The breakfast would be a great time to learn how this works and then put your idea into action for the benefit of our island community. For example, Creative Portland serves as a fiscal agent for one project, so the collaboration can include Portland entities.

To learn more about the fund, visit the Maine Community Foundation web page at, <http://www.mainecef.org/peaksfund.aspx>. Grants made in 2014 ranged from \$788 to \$10,000.

If you have questions, contact Barbara Schlichtman at bschlichtman@mainecenterforelderlaw.com with PIF in subject line or call cell phone at 650-1314 (please don't text, I prefer to talk).

SENIOR LUNCHEON NEWS

We are pleased to announce that Sam Saltonstall will be entertaining us at our March Luncheon on Monday, the 9th, at the Fay Garman House.

Sam plays the piano by ear, and loves to play standards from the Great American Song Book composed by the likes of Gershwin, Rodgers and Porter. He had an uncle that "tickled the ivories" at family jam sessions and remembers the fun of making music together as a child. What Sam lacks in technique he makes up for with enthusiasm. He loves to take requests (if he knows them) and accompany folks who like to sing the "oldies". Join us on the 9th to sing along and hear more about Sam's journey with music through the years.

Let's enjoy the promise of spring! Please bring a dish to share and join us at noon.
All Seniors are welcome!

Friends of the Peaks Island Library Russian Film Program

The Friends of the Peaks Island Library will host a presentation of the film, RUSSIA'S OPEN BOOK: WRITING IN THE AGE OF PUTIN, on Wednesday, March 18th, at 5:15 in the Community Room.

Local Russian translator Lisa Hayden Espenschade will introduce the film and lead a post film discussion. The documentary was produced in Britain and aired in 2013 on PBS. Hosted by actor, author and activist Steven Fry, RUSSIA'S OPEN BOOK: WRITING IN THE AGE OF PUTIN focuses on six authors whose vibrant, idiosyncratic work continues to gain traction with a global audience. With contributions from their literary critics, publishers and peers, the film features extensive interviews with each author. Excerpts from their recent writing are brought to life with vivid animation sequences created exclusively for the film alongside Fry's dramatic readings of their works in English. The film is about an hour long.

When is the right time to name someone to speak for you in case of serious illness?

- a) when you're in good health?
- b) when you're in a coma?

April 16th, the day after tax return day, is National Healthcare Decisions Day. Take a deep breath from completing taxes and do yourself and your loved ones a favor - spend time considering and discussing your wishes in the event of a medical crisis or disease that takes away your ability to communicate.

Advanced directives are written instructions about your future medical care. They come in two main forms. A "healthcare power of attorney" is given to a person you select to be your voice in healthcare decisions when you can't speak for yourself. A "living will" documents what kinds of medical treatments you would or would not want at the end of life. These directives can be an incredible gift for loved ones who must make very difficult decisions for you.

"Nothing in life is certain but death and taxes." Ben Franklin
