To expedite needed and much-delayed reconstruction of the Peaks Island Ferry Landing fendering system, there will be a one-month period of major disruption to the Peaks Island car ferry schedule this summer. That period will probably be late-June to late-July. Saturday and Sunday service should not be disrupted. July 4th weekend service (July 1, 2, 3, 4, 5) will not be disrupted. Tentative weekday service should be as follows:

Monday through Friday Car Ferry departs Portland 10:30, 11:30, 4:00, 5:00, 6:00 and 7:00,

Monday through Friday Car Ferry departs Peaks Island 11:00, 12:00, 4:30, 5:30, 6:30 and 7:30.

The published 8:30-4:30 schedule will be run until work commences. Once work begins it is imperative that ferry users watch for postings regarding operations.

This is a terrible time to have to endure these construction delays. CBITD has been trying since last September to get MDOT to move on this. They are committed to do it now. CBITD fears that should we request a postponement in start-up, we would seriously risk getting the work done at all.
Once the work is completed the *Machigonne II* will take
over on the Peaks Island run and we hope to shift over to
the proposed Summer'88 Schedule and utilize the *Rebel*
down-bay as much as possible.

**ART PLAY:** This creative workshop will begin July 2 and run every Saturday from 9:00 a.m. -
til 12 noon. Accepting ages 4 - 10. We will be meeting at the Community Center.
The cost is $6.00 per Saturday. This will cover supplies. For more information,
call Lisa Whalen 766-2650 or Paula Neufield 766-5145.

NEWS FROM THE SENIOR CENTER

A film program was held on May 4. Three films were shown. Gardening Organically by Ruth Stout, How to build a compost pile correctly and One on Norman Rockwell. They were very interesting. Films are held the first Wednesday of the month at 1:00 p.m. in the Community Center.

All senior citizens who would like to meet at the dockside Restaurant for lunch on the last Thursday of each month, please come. It would be pleasant to enjoy lunch and conversation.

Please watch the Senior Center window for information on activities this summer. We are planning to take a few cruises. If anyone has any other ideas on activities please feel free to discuss them with me.

Thank you to all who donated muffins to the Center during the Volksmarche. We were active from 7 a.m. to 4:00 p.m. Muffins, donuts and coffee were served and the line to the rest room was long at times. The day was perfect for the walk and we were delighted to be a part of this health program.

Again I would like to remind you of our Annual Fair to be held on June 25 at the Community Center. There will be a food table, handwork table, white elephant table and a table for children (we need things for this table).

Several of the ladies have been busy working on a quilt to be raffled this summer. It will be on display at the Center and the raffle tickets will be on sale at that time.

Recently a group from the Community Center on Munjoy Hill came for a visit. It was a great time sharing ideas, discussing problems over a delicious luncheon.

We have some pens from National Pen Co. available for sale.

Again this year, we will be having a lobster bake on August 9 for Senior Citizen members at Greenwood Gardens. Please get your reservations in early so we can make final arrangements with the Lion’s.

If any problems or questions, please call the Center at 766-2545 from 8 a.m. – 4:30 p.m.

** Due to lack of interest, Bingo games until further notice.

NEWS FROM THE DAY CARE CENTER

After months of planning, phone calls, committee meetings, red tape etc. our long awaited shed is now a reality. We thank everyone involved in making this dream come true—Sandy Radis, Lois Tiedeken, Jay Westra, our playground committee, the parents who donated time, goodies for the workers, and lent us a hand in the actual construction, and everyone else involved in the organization. It was a wonderful daycare/community cooperative project. Stay tuned for more playground reconstruction news.

We would like to invite all parents and their children 0-3 years to join us on Wednesday mornings for our informal Infant/Toddler Playgroup. Come and meet your island neighbors in our daycares setting. Playgroup begins at 10:15 and ends at 11:00 a.m. We hope to see many new faces this summer. The Daycare Center is located on Central Avenue in the basement of St. Christopher's Hall.

Thanks this month to Doreen Mccann for her donation of brightly colored yarn. Our supply had dwindled down to a varying array of browns and black. Also to Chuck & Sandy Radis for the paperbags and egg cartons used for art projects. Thanks to CBITD for their donation of a heavy duty rope, we now have a few new swings at our playground.

Early Kindergarten-Kindergarten is up in space! - Exploring the moon, planets, and back down to earth! A trip to Smiling Hill Farm will be our end-of-school trip!

Second graders have just finished studying about Creatures of the Night. First graders studied about Honeybees; and also did a unit on the Seashore with Miss Rothwell. Miss Rothwell also has a beautiful display of shells.

The 2-3 class is studying the New England states. The children have made fun gameboards with which they are reviewing facts about the states. The children did a wonderful job in their play "Stone Soup." We’re looking forward to a trip to the Maine Aquarium.

Just recently the 4th & 5th grade went to the Gray Animal Farm to get some pheasant eggs. We only got 6 and that’s a very unreasonable amount of eggs because only half of them survive. Fortunately, we now have received 36 more eggs. Hopefully they will hatch and become beautiful, full-grown ringneck pheasants, to put on all the islands.

The last month of school is going to be very busy, with many activities and field trips planned.

Summer is a fun time of year for most folks, but it can also provide a number of seasonal ills—bites, poison ivy, cuts, sunburn, sunstroke, etc. To prevent a vacation being ruined by any or more of the above, take time to educate yourself in some first aid tips and have an emergency plan for you and your family, as well as a good first aid kit close by...

SUMMER IS FINALLY HERE!!!
And with it brings more residents to our community and also more accident prone activity. We thought Emergency information would be most appropriate for this month's health column.

For those new to the island this summer, what to do in a medical emergency is a question we often don't ask until an emergency arises...

On Peaks, the policemen are (usually) EMT trained. By dialing the 911 number for medical emergencies, the police will respond. The Island Health Center is also equipped to deal with emergencies and when Dr. Radis is not in the office, 24 hr. coverage, 7 days a week is available by phone (766-2929).

Disability Awareness: One out of every ten people has some type of disabling condition. It is estimated that eight to ten million Catholics in the United States have a disability, many of whom are prevented from participating in their parish communities due to inaccessibility or feeling unwelcome. Our parish community is working to be more welcoming to people with disabilities and their families, and to overcome barriers which limit participation. Please do your part to welcome people, and inform the pastor of disabled persons you may know who would like to join the parish, but are currently unable to do so.

We encourage all parishioners, particularly the handicapped and those ministering to them, to attend the upcoming June 25th workshop to be held at McAuley H.S. This workshop will focus on the 10th Anniversary of the U.S. Bishops' Pastoral Statement on the Handicapped.

The Alcoholics Anonymous meeting is no longer held at St. Christopher's Parish Hall at 2:30 p.m., Sundays. Check the classified sections of the Portland Press Herald for other Alcoholics Anonymous (A.A.) meetings or call 774-4335.
