PEAKS ISLAND: BUILDING MORATORIUM OR HIGH-RISE DEVELOPMENT? OR SOMETHING IN BETWEEN?

The City of Portland is re-zoning the islands, prompted by many who attended a zoning workshop last summer. Now it is IMPERATIVE for all islanders, year-round and seasonal residents, to let the City Planning Department know exactly what we want for zoning, so that they can do the job right. Please answer the questions below and return to the Library. The re-zoning subcommittee of our Town Meeting Committee will read the responses and pass them on to the City Planners. We are anxious to have more input! If interested in joining us to monitor and assist in this quickly-moving process, or to tell us more of how you feel, please contact Doug MacVane at 766-2213 or Nancy Hoffman at 766-4496, Be blunt! Tell us what you want - it's our Island, let's have some say in what happens here. Please respond now. Thank you!

1. Should there be a Resource Protection zone in which no development will be permitted?  
   [ ] YES  [ ] NO

2. Should the Business Zone be restricted to its current location? or should a specified amount of growth be provided for?  
   [ ] YES, [ ] NO

3. Should an Industrial Zone be created?  
   [ ] YES, [ ] NO

4. Should construction be allowed on privately owned undersized lots not yet built upon?  
   [ ] YES, [ ] NO

5. Should there be a restriction on size of lots sold or division of existing lots?  
   [ ] YES, [ ] NO

6. Should there be a restriction of the size and height of buildings?  
   [ ] YES, [ ] NO

7. Are there any other factors which you consider important in Island Zoning?

Please attend the Peaks Island Town Meeting on Sunday, July 15 at 2:00 to learn what progress has been made, and to air your views.
NEWS FROM THE PEAKS ISLAND LIBRARY

As of June 16, Marianna Rowe retired from working at the Peaks Island Library. I have enjoyed working with Marianna and know that in the fall she will be in from time to time to volunteer.

Working with me now is Lorraine Spear. Lorraine has substituted at Peaks for three years and it seemed very natural for her to step in.

Remember, the Library changes to Summer Hours the week of July 3. The hours now -- Tuesday, Wednesday, Thursday and Saturday change to:

- Tuesday 12 - 8 p.m.
- Wednesday 10 a.m. - 4 p.m.
- Thursday 5 - 8 p.m.
- Friday 10 - 1 p.m.

Clip this out and tape it to your wall!

Preschool story hours will be Wednesday at 10:15 throughout the summer.

Movies for ages 7 and up are on Tuesday afternoon at 2:00.

There will be a summer reading program, coordinated with the Day Care Summer Camp, but it will be open to all. Come in and find out about it.

Come in and read!
Louise Capizzo, Librarian

NOTES FROM THE PEAKS ISLAND CHILD DEVELOPMENT CENTER

Our Summer Day Camp still has openings in all sessions for children aged 6 - 10. Sessions are:
- July 2 - 13
- July 16 - 27
- July 30 - Aug. 10
- August 13 - 24

Please call the Center for more information. (766-2854)

We have a new sandbox in our playground. Thank you Kevin Butler. We would like to ask all parents and community members to help us in reminding children not to use the sandbox as a stepping stone into neighboring yards.

Saturday, July 7 at the Fifth Maine Building:

1:00 HATBOX PRODUCTIONS
   A family show featuring David Neufield -- Music Magic and Mime, Invention and Fun.

2:00 AUCTION to benefit the Child Care Center

Sunday, August 26 PEAKS ISLAND CHILDREN'S FESTIVAL
It has been brought to our attention that some people like to follow fire trucks to a fire call. This practice should be avoided because of the following reasons:

First, it is very dangerous for the man who might be riding on the back of the truck, if he was to lose his grip and fall.

Secondly, the man driving the truck has a lot of things to worry about without having to wonder about somebody driving behind him.

Thirdly, some people beat the fire trucks to the fire causing a blockage in the roadway around the fire scene. (There is so little place to park on Peaks Island. Give the Call Men a chance to work.)

Fourth, it is against the law to impede fire trucks in any way. Don't put the police in the position of having to summons well-meaning citizens. Please stay away from the fire scene whenever possible.

Thank you,
Peaks Island Call Dept./Portland Police
Mike Barter

Saturday, July 14, 1984 a dance will be held at the St. Christopher's Parish Hall. This is to benefit the Peaks Island Call Dept. Tickets will be $4.00 per person. B.Y.O.B. For more information contact Freda Lewis (766-5592). Dance will be run between 8:00 p.m. and 12:45 A.m.

Casco Bay Island Development Association Inc.

Casco Bay Island Development Association furthers the interests of the people, both year-round and summer, who live on Casco Bay islands. Right now, our major concern is that those interests are not lost sight of in Portland's waterfront development. Specifically, we are monitoring the parking situation, as it affects both island residents and our visitors.

We continue an interest in the ecology of Casco Bay, especially now that a rising population puts increasing pressure on the natural beauty for which many of us chose to live on a Casco Bay Island.

Presently we number more than 300 members on Chebeague, Long Island, Littlejohns, Peaks, Cliff, Cousins, Great and Little Diamond and Sturdevants. We need more members to become truly effective in our representation of Casco Bay Island interests. Dues are $5 a year for an individual, or $7 for a couple.

The Peaks Island members of the Steering Committee are Howard Heller, Helen and John Johnson, Ted Warren, Dick Klain, and Carl and Gretchen Hall. They will be glad to answer your questions. You are always welcome at meetings of the Steering Committee, held at 9:30 a.m. on the first Saturday of each month at the Public Safety Building on Middle Street, Portland. Dues may be sent to the treasurer, Betty Felton, Box #83, Long Island, ME. 04050.

THE ISLANDS HEALTH CENTER

Summer is still flirting with us, but looking around we can see that it must be here with the return of summer residents, and along with it the start of our busiest season here at the Health Center.

We are welcoming Bruce W. Kenney, D. O., the new director of The Islands Health Center, a new name also, since Dr. Schwartz is moving to Chicago and Dr. Kasilionis will be continuing his practice in South Portland. Dr. Kenney was certified in Family Practice after completing his residency. He has been in General Practice in Portland for two years. He will continue to work there at 693 Congress Street, while practicing at the Health Center on Sterling Street. The Center will continue to provide comprehensive medical care on a consistent basis, and 24-hour physician availability will be provided.

Dr. Kenney also practices obstetrics and women's health care, Osteopathic treatment of musculoskeletal problems, and emphasizes preventive medicine and nutrition. "I am excited about the opportunity to provide health care in a place as unique as Casco Bay and look forward to meeting many of its residents."

The office will continue to be open five days a week from 9:00 to 5:00 and our physicians' schedule is as follows:

DON'T LET YOUR CHILD'S TEETH TAKE A SUMMER VACATION

School is out and your child may not be getting the protection of fluoride they've had during the school year.

Fluoride helps to reduce tooth decay. It is important to take fluoride while the teeth are mineralizing. Fluoride should be given from birth, when the teeth are forming, right through the development of the permanent teeth. A child who takes fluoride during this period, will have teeth that are stronger. Decay can be reduced up to 50%.

Fluoride tablets and drops are available to Portland residents at no charge. The fluoride may be obtained from the City health stations at Reiche School, Munjoy Hill, or City Hall. Also, on July 11th from approximately 9:00 - 2:00, the regular Portland Nursing divisions health clinic will be held on the Island. On this day, fluorides may be obtained from the nurse at the clinic.

Please call our office if you have any questions on the use of fluorides or how to obtain them. The number is 775-5451, ext. 369.
