Do you have a spare room?
Are you interested in cultural exchange?
Get involved with an international program that pays!

This new multi-national youth gathering will bring foreign high school students to our community for 4-week education/recreation programs in July and August. To help them learn what daily life and culture in the U.S. is all about, our students will live in Host Homes throughout Greater Portland.

Host Homes are still needed, and you are cordially invited to participate.

Your interest, hospitality, and some extra space in your home are all you need to be a Host. We offer a $200 per student per month stipend to help out with room and board costs, and between morning classes and a full program of optional weekly activities, students have plenty to keep them busy when you are at work or have daily commitments.

If you are interested in Hosting, or in the additional travel benefits available to Hosts, please call or write to us today:

The Kindergarten enjoyed a trip to Portland for a Kinderconcert on April 12th. We've turned a good part of our classroom into a "garden." Seeds - plants - cuttings - planting pumpkins from last October's Jack-o-Lantern - We're DETERMINED to bring SPRING!

The first grade has been working in writing and illustrating our own books. By the end of the year, each child will be able to take home a group book of their own. The children have been doing a wonderful job!

Grades 2 & 3 have been making a study of Maine. This included our individual homes' location in relation to the continental U.S.A., Maine and Portland. We will touch on the history of Portland and Peaks Island, as well as some noteworthy citizens of our area and their homes. We will learn about special products of Maine and its attraction as Vacationland, as well as a preferred place to live and work. On May 31st we will be taking a Walking Tour of Portland and on June 9th we will tour the Tate House.

We would welcome any special memorabilia of Portland and Peaks Island which our readers would share with us.

A special thank-you to the parents and visitors who shared their time and professions with the fourth and fifth graders during Career Awareness Month - look for a more detailed write-up in the Islander.

To My patients,

Last month I informed the Board of Directors at the Islands Health Center that I would no longer be operating the Health Center after June 30th. It is with much regret that I make this personal decision. I will miss working with Fran Baker, Ginny LaCrow, and Cynthia Sargent at the Health Center as well as my regular patients. Arrangements are in progress for another physician to take over the practice who that will be is not yet clear but an announcement will be made as soon as this is finalized. Any patients who would like to continue to see me in town can call 878-3700.

Sincerely,

Chuck Radis
