For the children this summer we have a reading program called Peaks Own Zoo+. It includes a list of titles divided into age groups of books we think children will enjoy. All Peaks Island School children will receive a copy of the last day. It will be taken home so the parents can view and help the children fill out the registration form. Additional copies can be obtained at Peaks Library after June 23rd. All children are welcome to participate.

Peaks Island Child Development Center News

With all this rainy weather we’ve been having, the staff and children have tried to take advantage of every brief sunny moment, by getting outside! We’ve had group picnics on the playground on Wednesdays after library, and small group picnics at the beach and Greenwood Gardens whenever it’s been nice enough. The Kindergarten kids have collected pollywogs to observe and were even lucky enough to go swimming one day.

Let's hope the weather will improve because we've got lots of outdoor events coming up.

The annual family picnic is being planned for some time in early July. If anyone can offer time to help organize this event, please let us know. It would be greatly appreciated.

The Summer Program will be starting Tuesday, July 6th. Registration forms can be picked up at the Center if you haven't already received one. Please return them as soon as possible, because there are a limited number of openings.

The Third Annual Children's Festival is (tentatively) being planned for August 29th. Any new ideas for entertainers or events are welcome.

We're looking forward to having Lucy Klingener, Marie Kilday and five SYEP teenagers join our staff for the summer.

The Center will be closed Monday, July 5th for Independence Day.

Summer Tips From the Health Center

**For Sunburn**

Apply cold towels (ice water in basin)-replace when warm. Keep this up for 6-12 hours. **DO NOT BREAK BLISTERS.** If they do break, keep clean.
Apply saline compresses—three times a day—air dry—apply antibiotic ointment, Telfa and Kling bandage. Do not tape skin. Tape bandage to self.

Observe for signs of infection—redness—streaking. Seek medical attention if this occurs. Drink plenty of fluids. Stay out of sun.

When recovered, wear long sleeved shirt or slacks—when in sun—expose body for only short periods of time.

Remember—too much sun can cause skin cancers.

For Insect Bites

Remove stinger—apply ice for 4-6 hours or longer if necessary to reduce and control swelling. Make paste of adolph's unseasoned Tenderizer and apply to area of bite.

Seek medical attention if swelling continues or any signs of breathing difficulties arise. If person has a known allergy to insects, it is best to be prepared and have his or her physician prescribe a Bee Sting Kit to have on hand for emergencies.

The Darren Lavigne family wishes to thank all who participated in the fund raising, and to all who donated to the purchase of the Scott Air Pack—dedicated in his name May 31, 1982.

We know this valuable piece of equipment will prove an asset to our fire station, our call men, and our community.

Special thanks to our call-men of Engine Co. 12 who arranged this beautiful tribute to Darren.

News from Peaks Island School

Things are winding down at the Peaks Island School. Classrooms are stripped and cleaned; books and materials sorted and stored; plans for next year are being made. It's a terrific time at school—remembering events through the year, looking forward to "Moving-Up" to the next grade.

We remember our Project 350 and the gracious assistance given to us by Island residents; the library and the projects Marianna and Louise helped us with; Open House, the Christmas and Spring shows; the field trips to Strawberry Banke and in-town Portland; the fifth grade Math meets; the last film of "You're a Good Skate, Charlie Brown", USM essay contest.

We look forward to closing the year with a Scavenger Hunt on Thursday and Moving Up Day Monday. Parents and friends are welcomed to join us for Moving Up Day Activities at 9:30 on Monday, June 21st. Awards and report cards will be awarded and the children will present a musical program. Afterwards, a hot dog roast and field day activities will celebrate the end of a very good year.

My thanks to everyone who cooperated with us in making this a successful, enjoyable year. See you in September.
