Carl & Gretchen Hall, Eleanor Goodwin, Margaret Morrison and Virginia Meserve.
TOWN MEETING UPDATE IN BRIEF

The turn out for the Town Meeting on July 15 was very good even although it was a perfect beach day.

First to speak was Lucy Minuto. She introduced us to the Mobile Health Promotion Project inviting comments from Islanders on health promotion concerns in which we are interested. (Senior citizen, immunization, prenatal care, well child & mother clinics.) She can be reached at 774-3921.

Gerry Carman, President and Patrick Christian, General Manager of Casco Bay Island Transit District presented information on the purchase of a new car ferry which will go into use when the new ferry terminal is ready in 1986. The new car ferry will hold 10 cars and 200 people, a vast improvement over the Rebel. The reservation system for vehicles was discussed and the need for better control of the people (hopefully only a few) who push their way onto the ferry past those who were waiting before them. As always the Board Meetings of the Transit District are open to the public and are the 3rd Friday each month in Room 209 City Hall at 8:00 a.m.

Cynthia Lubenstein of the STAR Foundation spoke briefly about the Islands solid waste and sewage problems. The STAR Foundation is working toward solving such problems and who like all interested people to contact the STAR Foundation for further information.

Alex Jaegerman, City Planning Board and Bill Carroll, Greater Portland Council of Governments (COG), addressed the Town Meeting about re-zoning. The Town Meeting Committee has been working with the City of Portland and COG to arrive at a set of Island Zones which will best serve the needs of all the Islands. The re-zoning committee has been gathering opinions and comments from Islanders as part of this process. A questionnaire was presented in the June issue of the STAR and will be repeated in this July issue. 64 responses where gathered and summarized and presented at the Town Meeting. The comments indicate that people want to keep the Island natural and rural. The City of Portland will be holding a series of workshops on the re-zoning issue. Anyone interested in being involved call City Hall, Planning Office and express your desire to be on the committee and or mailing list.

NEWS FROM THE PEAKS ISLAND CHILD DEVELOPMENT CENTER

Lots of new people have arrived at the Day Care Center: Lisa Bennett, who has recently moved to Portland from upstate New York, is now working at the Center and will be taking Ruth Griffin's place when she leaves for school in the Fall. Kathy Rogers is a new summer work study staff member working with the children in the Day Camp. Kathy is a student at the University of Southern Maine. We also have four SYEP Students with us for the summer. Marjorie Leighton is working in the Center, Mark Richman is helping out in the kitchen and Cindy Marston and Mark Dick are at the Day Camp.

The sand has arrived for the sand box at the playground. There is also a new bench for all to enjoy.

August 3 will be the 3rd annual family picnic. More information will soon be available on this event.

August 26 is the Children's Festival. A lot of help is needed to make the festival a big success. Anyone interested in helping either in the planning or by performing at the Festival please contact the center at 766-2854.

Friday     Drs. Johansson or Peterson 9:00 to 12:00

Remember our 24-hour phone number - 766-2929 is covered also on weekends and holidays.
The City of Portland is re-zoning the Islands. Now is the time for Island residents, year round and seasonal, to have a say in what the new zoning will be. The re-zoning subcommittee of our Town Meeting Committee is interested in comments you may have.

The June 1984 issue of the STAR carried a questionnaire to which 70 responses have already been received. We are repeating the questionnaire for those who did not respond. Please do not fill out this questionnaire if you filled one out in the June issue. Responses should be turned in to the Library BEFORE JULY 28, 1984.

1. Should there be a Resource Protection zone in which no development will be permitted? YES NO

2. Should:
   A. The Business District be restricted to its current location? YES NO
   B. The Business District be allowed to expand and cover a larger area? YES NO

3. Should an Industrial zone be created? YES NO

4. Should construction be allowed on privately owned undersized lots not yet built upon? YES NO

5. Should there be a restriction on size of lots sold or of division of existing lots? YES NO

6. Should there be a restriction of the size and height of buildings? YES NO

7. Are there any other factors which you consider important in Island zoning? Would you like to expand on any of the above questions??
